Dear Lieutenant Waters:

I appreciate your writing as you did on January 15th concerning the forthcoming annual training conference of the California Homicide Investigators Association. It is suggested that you contact Mr. Paul C. Young, Special Agent in Charge of our office in Sacramento and I know he will be pleased to have Special Agents Shedd and Vorpagel attend your conference if the work of his office permits.

Sincerely yours,

C. M. Kelley

Dear Mr. Kelley:

I would like to take this opportunity to direct your attention to the upcoming California Homicide Investigators Association, 6th annual training conference which will be held in Los Angeles, CA on March 6th and 7th.

We have a very professional training session planned. We are expecting a registration of over 600 law-enforcement officers from the state of California, whose primary responsibility is the investigation of homicides.

At our conference which was held in Sacramento last year, you were kind enough to send Agent Howard Teten from the National Academy to speak to our members for 4 hours. He was excellently received by all of our members.

My purpose in writing to you is to invite Special Agent John Shedd, and Russell Vorpapel, assigned to the training section of the Sacramento office of the F.B.I., to our conference. These two agents work very closely with many of our local law-enforcement departments in Central and Northern California.

Both agents attended the 5th annual conference last year and I feel it would be a real asset to the local departments to have these two agents at our conference. In order that they might personally meet and/or renew acquaintances with officers from throughout the state who are members of our association.

Sincerely,

Robbie Waters
